Hasindu Ohasa

Photographer, Graphic Designer, Video Editor and Social Media Consultant in LK

Matara, Southern Province, Sri Lanka

Summary

Hasindu Ohasa, a talented photographer, graphic designer, and content creator from Matara, Sri Lanka with a unique blend of creativity, technical expertise, and passion to every project I work on.

I began my journey as a content creator in 2018 when I launched my own YouTube channel. Despite facing setbacks when my channel got hacked, I refused to give up on my dreams. I quickly pivoted to a Facebook page and then a TikTok account, where I have built a loyal following of over 40,000 fans and 4 million views.

My skills in graphic design, video editing, and photography have allowed me to create stunning visuals and engaging content that captivates my audience and helps my clients stand out. Additionally, my experience in video production and short film production has given me a deep understanding of the creative process and how to bring ideas to life.

With a strong foundation in education from Puhulwella Central College, where I served as head prefect, I am always eager to learn and grow in my craft. I am constantly seeking new challenges and opportunities to collaborate with other talented professionals in the industry.

If you're looking for a creative partner who can help you tell your story and bring your vision to life, look no further. Please feel free to reach out to me to discuss any potential projects or collaborations. Thank you for taking the time to visit my profile, and I look forward to connecting with you soon.

Best regards, Hasindu Ohasa

Experience

DropLens Studios Co
Founder & Creative Director
May 2024 - Present (1 year 1 month)

As the Founder and Creative Director of DropLens Studios, I oversee all aspects of our creative services, including photography, videography, and graphic design. I specialize in capturing stunning portraits, events, weddings, and landscapes, ensuring each shot reflects the essence of the moment with precision and creativity. In videography, I produce high-quality videos, ranging from cinematic wedding films to corporate projects, each crafted to tell compelling stories that resonate with audiences.
